

**NMP REG – 6<sup>th</sup> Interregional Learning Event  
Bucharest (Romania), 10-11 July 2018**

**Venue: Yesterday Hotel Bucharest**

**<http://yesterday-hotel.bucharest-hotel.com/en/>**

**pre-FINAL AGENDA**

Semester 5 is dedicated to Action Plan development and sees the start of Step 4 – definition of recommendations. The sixth NMP-REG Interregional Learning Event is designed to provide thematic input to the Action Plans and to support partners to address specific challenges identified during the preparation of their draft Action Plan. It also provides initial ideas for the NMP-REG Guidelines on policy support for Delivery of NMP to manufacturing.

The draft agenda was prepared using a co-creation format, where each partner was asked to express input on what they would like to cover during the event. Where partners provided input, this was included in the content.

All exchange sessions are open to project partners and invited stakeholders (local and from partner organisations).

The Event will also cover all Management and Communication related issues.

*Joint dinner (time and location will be confirmed on the day)*

## Day 2 – 11<sup>th</sup> July 2018

### **09.30 – 11.30: Action Plan Development – Feasibility Check and Challenge Workshop**

Based on a template for discussion (see attached), partners split into couples to exchange on their Action Plans to gather feedback from other partners on Point 1: an overview of their actions and the link the NMP-REG and Point 2: any challenges they face / concerns. The workshop will be organised as follows:

*0930 – 0945:* Introduction and input presentation, Jessica Huntingford, Resolvo Srl

*0945 – 1115:* Division into couples for 30 minute sessions.

In each session region 1 presents one of their Actions and region 2 comments (15 minutes) and the roles are then reversed (15 minutes). Partners can choose which action(s) to present in each group (changing action if their plan includes more than one, or repeating for different points of view if they are focusing on just one action). As there are 5 regions, in each group 1 region is “floating”. This means that they can choose to participate as an observer in one of the other sessions.

The schedule of activities is detailed in the following tables.

<b>Group 1: 0945 - 1015</b>		
<b><i>Region 1</i></b>	<b><i>Region 2</i></b>	<b><i>Floating region</i></b>
