REGIO- Regional Operational Programme, opportunities for Bucharest-Ilfov Region for the programming period 2014-2020

Bucharest-Ilfov (largest city Bucharest) is located in the south of Romania, and includes the capital Bucharest City (13.1% of the territory) and Ilfov county (86.9%). The capital city has the highest socio-economic potential and the highest living standards of the country. The region is hosting the country's top academic institutions and research infrastructure, exhibiting the highest RDI potential in the country. Its public and private R&D expenditures are the highest in Romania as more than 50% of country's total expenditure is in this region. It outperforms the rest of the regions by far in terms of innovation, the Bucharest-Ilfov needs to capitalise more on its assets to become more competitive on a European scale.

The Bucharest-Ilfov Regional Development Agency (BIRDA) is a non-governmental, non-profit body of public utility since 1999. BIRDA is intermediary body for REGIO in Bucharest-Ilfov Region since 2007.

REGIO funds 2014-2020 are allocated for development and modernization of public infrastructure from Bucharest-Ilfov Region for the following type of investments:

- **Axis 3 – Investments for increasing energy efficiency and sustainable urban mobility – allocation of EUR 299.59 Mill.**
The axis funds investments for increasing energy efficiency in residential buildings, public buildings and public lighting systems and those in urban areas identified with problems in urban mobility plans and to be upgraded to reduce carbon emissions. 234 projects have been submitted, with a requested amount of EUR 736.73 Mill. Until this moment there were contracted 77 projects, with a requested amount of EUR 134.28 Mill.

- **Axis 5 – Improving the urban environment and preserving the historical monuments – allocation of EUR 40.77 Mill.**

The axis finances investments to restore historic monuments and create new green spaces, in order to boost local development and promote touristic attractions. 22 projects have been submitted, with a requested amount of EUR 69.64 mil. Until this moment there were contracted 9 projects, with a requested amount of EUR 23.71 Mill.

- **Axis 6 – Road infrastructure – county roads – allocation of EUR 13.30 Mill.**
The objective of the axis is to increase the accessibility of rural and urban areas located near the TEN-T network by modernizing the county roads. One project was submitted and is now under evaluation.

- **Axis 9 – Supporting the economic and social regeneration of the disadvantaged communities from the urban area – allocation of EUR 11.8 Mill.**
The axis supports investments for reduce the number of people at risk of poverty and social exclusion through integrated support measures. The call has not yet been opened.

- **Axis 10 – Modernizing the educational infrastructure – allocation of EUR 53.19 Mill.**
The goal is to increase the number of children enrolled in mandatory education, the youth in vocational, technical and higher education. The axis was opened in 2018, and 80 projects have been submitted, with a requested amount of EUR 174.16 Mill. Until this moment there was contracted 1 project, with a requested amount of EUR 4.88 Mill.
