

The General Direction for Social Care and Child Protection - 6th District, Bucharest - GENERAL PRESENTATION

The General Direction for Social Care and Child Protection 6th District is a public institution of local interest with responsibility in social development and welfare of the community.

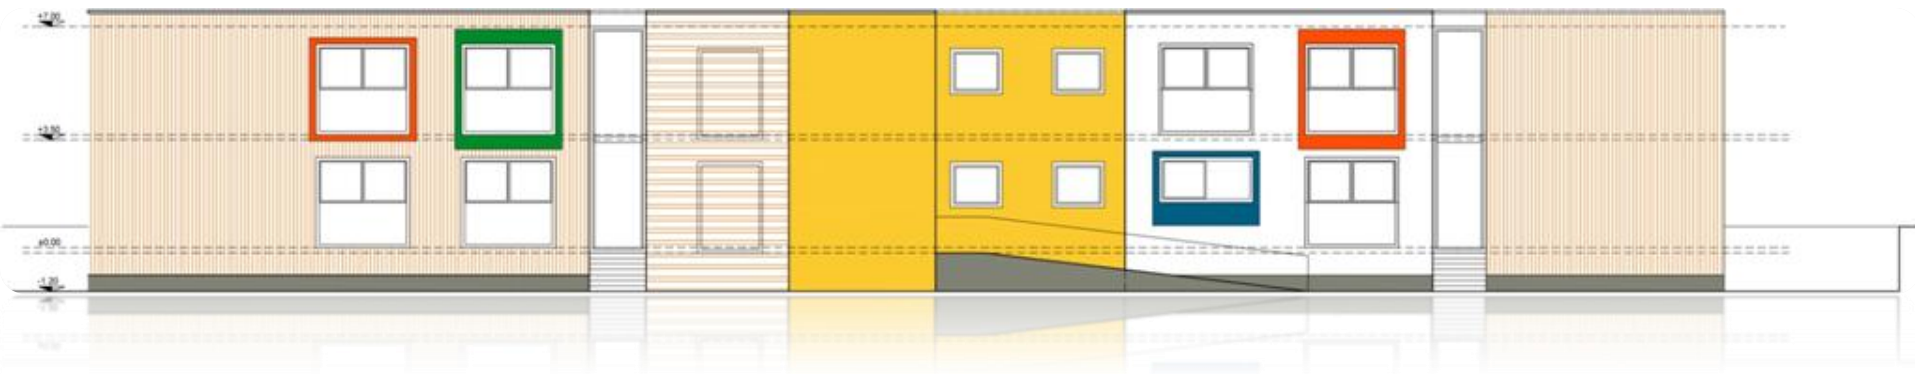

Our responsibility translates to vulnerable social cases identification and implementation of the social measures aiming to prevent the risk situations, to protect the under-privileged people as children in difficulty, families with problems, lonesome people, elderly people, disabled people or other people in need.

At the 6-th District level the institution unfolds activities in order to achieve social policies and prevention strategies goals as well as fighting against the social risk factors, to inform and strengthen the citizens, to initiate and implement the social care programs and to bring on public or private partners working together to safeguard the children and adults in need.

Bulding and endowment day nursery “Îngerașii”

*This project will be implemented trough a grant awarded by Regional Operational Programme 2014-2020, **Priority Axis 10** “Improving the educational infrastructure”, **Key Area of Intervention 10.1** for “Investments in education and training, including training, skills and lifelong learning through the development of education and training infrastructures”.*

***Main objective** is to grow the level of participation in the early and compulsory education, especially for children at high risk of quickly getting out of the educational system. This objective can be put into practice by building and establishing a structure that provides social care and early education for 124 children, no matter their sex, religion and health situation*

Amongst 124 children:

- 62 boys
- 62 girls
- 15 children with disabilities
- 30 social cases

Besides the 124 children, with ages between 0 – 4 years, that will benefit from this project, there will also be created 48 jobs for the staff who will work in the center

-

The structure of the day nursery contain:
semi-basement, ground floor and floor, with a
built area of 996 sqm and a total surface of 2624
sqm

Semi-basement will hold technical spaces,
storage rooms, laundry, kitchen, changing
rooms

Ground floor will hold 7 groups, multifunctional
dining room, medical cabinet, isolator, reception

Floor will hold 7 groups, multifunctional dining
room, medical cabinet, isolator, reception

Special equipment

- ramps adapted for disabled access
